Report on Activities

Joint Secretariat Joint Monitoring Committee of CARHRIHL NDFP Nominated Section July – August 2013

The following were the major activities and accomplished tasks of the NDFP-nominated section in the Joint Secretariat for the period July 1 to August 31, 2013.

I. Complaints

Both sections of the Joint Secretariat did not receive any complaint forms during the period July 1 to August 31, 2013. The total number of submitted complaint forms remains to be 5,512. The total complaint forms against the GPH are still 65.67% of all complaint forms or 3,620 while those against the NDFP constitute 34.33% or 1,892 (see Figure 1).

I.A. On the complaint forms submitted against the NDFP

In November and December 2012, the NDFP-MC and NDFP-JS held consultations regarding the 33 complaints submitted against the forces of the NDFP from January 2011 to November 2012. It was observed that some of these complaints were deemed to be insufficient in form and content. However, GPH military and/or police reports supporting them contained purported NPA statements of dubious authenticity as these were not duly reported in revolutionary publications. To cover such complaints, a new category designated as "Further Research" has been added. (A summary of events has been included since the July-August 2011 reports clarifying earlier classifications of complaints against the NDFP.)

As of the present reporting period, only 91 complaint forms against the NDFP appear to be valid: 77 for verification by concerned organs of the revolutionary movement and 14 for further study and

investigation by the NDFP-HRC. Additionally, 13 complaint forms are for further research by the NDFP-MC, one (1) for review and evaluation also by the NDFP-MC and the 21 complaints for form and content study by the NDFP-JS (See Table 1 below).

Table 1

Complaints for study and verification	91
For verification by concerned organs	77
For further study by the NDFP-HRC	14
For further research by the NDFP-MC	13
For review and evaluation by the NDFP-MC	1
For form and content study by the NDFP-JS	21

The following pie chart (Figure 1) shows the breakdown of all the complaints submitted against both the GRP/GPH and the NDFP.
